

FIDENZA GLASS BLOCKS

Fidenza Glass Blocks possess a magnificent range of patterns, finishes and colours to create an unsurpassed architectural feature. The brilliant white glass, the soft pastel shades, the contemporary patterns and the satin finishes reflect the superiority of Fidenza Glass Blocks. Add to this the physical properties of 45db noise reduction, thermal insulation better than double glazing and high security performance and you have the most exciting glass blocks available.

Fidenza Glass Blocks

Our colour range
